## OFFICE CANCELLATION/NO SHOW POLICY

(Effective May 08, 2017)

**CANCELLATION & NO-SHOW POLICY:** The following are our policies regarding cancellations and no-shows. We take this subject seriously at the clinic because it can make a difference between whether you succeed in your treatment goals or not. Usually your referring doctor and/or your therapist have prescribed a frequency of PT visits that is ideal for the treatment of your individual condition. Showing up as scheduled for these visits is critical for your successful recovery.

We require **24 hours of notice** in the event of a cancellation. It is your responsibility, when you call in, to have an alternative time in mind that will ensure you complete the full prescribed number of treatments that week. In some cases, this may not work since some forms of treatment do not work well if given two sequential days.

There is a **\$35.00 charge** for a cancellation without a proper 24-hour notice. This charge is not reimbursable by insurance but will have to be paid by you personally. This fee will be charged to your account on the same day as the missed appointment.

If a patient does not show for an arranged session without letting us know, the session is charged **at \$75.00**. This charge is not reimbursable by insurance but will have to be paid by you personally. This fee will be charged to your account on the same day as the missed appointment.

If a patient is more than **15 minutes late** for an appointment, we reserve the right to reschedule. Late arrivals are subject to the full fee for a session. *If a patient late cancels or no-shows more than three times, the patient is responsible for the full charge of the visit and the rest of his/her scheduled visits will be removed.*

**Worker's Compensation and Personal Injury patients:** documentation of a missed appointment is forwarded to your Case Manager and Primary Care Physician which may jeopardize your claim.

**Things to Consider:** Please understand that your pain will probably increase and decrease as your rehabilitation program progresses until it is eradicated. Either condition can seem to be reason not to come in:

- a) You're feeling worse and think the treatment is not working.
- b) You're feeling better and it's a great day for wind-surfing.

Neither of these conditions is legitimate as a reason not to come in because:

- a) If you're in pain, come in for treatment and communicate your pain with the therapist.
- b) If you're not in pain, now is the time that we can begin doing correctional therapy to improve the underlying causes of your problem and provide education for injury-prevention purposes in your future.

When you don't show as scheduled, **three people** are negatively affected:

- 1) You, because you don't get the treatment you need as prescribed by the doctor and/or PT.
- 2) The therapist who now has the space in their schedule since the time was reserved for you personally.
- 3) Another patient who could have been scheduled for treatment if you had given proper notice.
